

## Wolsung SSG Ambassador 2017

*The Wolsung SSG Ambassador / Embassy is a program designed by Micro Art Studio to promote playing Wolsung SSG publicly, introduce more gamers to Wolsung SSG and to support organised events, tournaments and campaigns. An Ambassador needs an Embassy, and the Embassy needs an Ambassador, the two simply cannot exist without one another.*

- **An Ambassador** is a person who will enthusiastically and reliably organise Wolsung SSG events and campaigns designed by themselves and/or by Micro Art Studio.
- **An Embassy** is an open place (i.e. a club, an event or a shop) available to any and all players that would be interested in playing Wolsung SSG and participate in events (demonstrations, campaigns and tournaments).
- An Ambassador needs to be assigned to an Embassy, and an Embassy needs an Ambassador assigned to be accepted. Generally the limit is one Ambassador for an Embassy, but in special cases (For example, a big enough gaming society or a large event), Micro Art Studio is willing to extend this limit, subject to approval.

### Ambassadorial Treats:

- Ambassadors have access to an exclusive Ambassador's shop, where they are able to spend the points they gathered to buy Micro Art Studio's products, including: Pre-release Miniatures, special support bundles for players participating in events organised by an Ambassador, Wolsung gadgets, and more.
- Ambassadors will also be able to access work in progress pre-release rules, and give Micro Art Studio's designers precious feedback. In other words: *As an Ambassador You will influence the future of Wolsung SSG.*

### Embassy Deals:

An Embassy will be able to order the Embassy Deal via their Ambassador, consisting of everything needed to play Wolsung SSG in a store/club. A set of terrain, a gaming mat, promotional articles, etc.

### Ambassador's work:

1. The Ambassador is required to have an ID and an account on Micro Art Studio's Wolsung SSG forum: <http://wolsung-ssg.com/forum>
2. The Ambassador is required to have at least two different and painted starter set-sized Wolsung Clubs for use in demo games.
3. The Ambassador is awarded points for his or her activity according to the following rules, by filling in the details and providing links to published material to [ambassador@microartstudio.com](mailto:ambassador@microartstudio.com) :
  - For each player assigned an ID in his/her Embassy who is active this quarter: **1 point**
  - For each game (part of an organised play event) played in his Embassy: **2 points**
  - For documentation of a mentioned game, on a blog/Facebook/Forum. In English: 15 points; in another language: **10 points.**
  - For a battle report text and pictures or a film (In English + optionally in another language): **20 points.**
  - For organising an open Wolsung Tutorial in which at least two other players participate: **20 points.**
  - For organising a Tournament or Event (**20 points + 1 for each player** participating) **times 2** if an event is longer than one day.

### Example:

*An Ambassador has 6 players apart from himself in his Embassy active this quarter (6 points), who played 15 games between themselves as part of the organised play this month (30 points).*

*Two of these games had pictures taken and posted, one to their embassy's facebook page, another on one of the players' blog (2x15 points). The ambassador (or this player) also written a report on this game in English and German (as this was his native language) (2x20 points). The ambassador also managed to run 2 demo games for 2 people each and one for 3 people (3x20 points), and organised a one game event on which 4 of the players played some of the already mentioned games for the organised play (20+4 points).*

*The ambassador sends an e-mail reporting his activity for this month, including players scores and links to reports, and photos from the demo games and from the event as proof.*

*He is awarded 6+30+30+40+60+24=190 points.*

## Wolsung Organised Play:

*Wolsung SSG organised Play is a yearly campaign consisting of 4 sets of missions, released each quarter. Each quarter set consists of 3 missions. Players will be gathering points in a local ranking when playing mentioned missions, overseen by a local Ambassador. It is impossible to gather points without an Ambassador.*

### Awards:

- Each quarter the best player in each Embassy (the one who is ranked the highest in this Embassy) will be awarded a special pre-release miniature sent with the Ambassador's next order. In case of a tie, play a 3 Hero Assassination scenario.
